23/03/2020

To All Our Customers,

We are certain that all of Young's Nurseries customers will be aware of the impact and development of the Covid-19 pandemic which has now become a worldwide concern.

As an independent family run business we understand the importance of keeping everyone safe. We also realise that if you can't get out, then keeping yourself occupied is a must for your mental health also.

As we write this, we are still open, and will remain open for as long as we feel confident that we can give you the level of service you've come to expect, while also safeguarding the health and wellbeing of all our customers and colleagues.

We are paying close attention to developments and revising our plans as we get new information and advice from the Government and World Health Organisation. We want to continue to be here for you, your family and friends so we have made a few changes to help with this.

We're **cleaning all areas in stores more frequently**, paying special attention to the areas that naturally attract more physical contact, including tills and handrails. We've also introduced new procedures and advice for all of our colleagues, emphasising regular and thorough hand washing.

We are making it safe for you to shop with us and if you are unable to come into us, we are able to **take orders over the phone and deliver to you**. You can also instruct us of a safe place to leave things without having to come into contact with us.

We will continue to respond as the situation develops and will share any further changes.

**Horticulturist by trade Established 1930's**

**Email:-[youngsnurseries@aol.com](mailto:youngsnurseries@aol.com) Website:-[www.youngsnurseries.co.uk](http://www.youngsnurseries.co.uk)**

We understand the importance of feeling safe and comfortable in our homes,  
especially at this challenging time.

Thank you for reading this message, and our very best wishes to you and your family  
& friends. Keep Safe!

Jackie, Martin and the team
